

RECEPTION

& WAITING LOUNGE

WELCOME Area

Starting from the quaint ground floor foyer, guests experience an elevated level of hospitality. Equipped with an information desk and digital displays, this is the first glimpse of what lies ahead.

From here, glass and gold elevators take guests up to a larger reception area upstairs which offers the full host of options for event organizers.

Reception & Waiting lounge

An elaborate reception area awaits guests as they disembark from the elevators. Lush carpeting and comfortable lounging options are available for waiting guests, including a full reception or registration desk, which also houses a discreet backdoor coat check room for miscellaneous items of attire that guests would like to check in for safekeeping while they enjoy the rest of the event.

A secondary reception area is available for ushering in guests directly from the fountain courtyard in the center of the building complex that houses Yasmine Palace.
