

SALON &
SPA SERVICES

Backdoor access to a salon

For major events such as weddings we provide backdoor access to a full salon, adjacent to the venue, which can be closed down for the occasion to house makeup stations, professional artists with extensive kits, and offer relaxing massage or aromatherapy rooms to allow the entire party to enter the venue completely relaxed.

This includes custom fabrication of the environment, special VIP services, floral arrangements, bespoke gifts, themed adornments, and much more.

Multiple grooming stations
for the whole bridal party

THANK YOU
